Benefits to the Organizational Grand Sponsor

Primary benefit to the Organizational Grand Sponsor is the high level of exposure and visibility that it will receive for its brands of products. This will be achieved through billings and advertisement on all NABC publicity materials, literature, website, magazines, on-site banners, announcements on main stage, videos shown on the main stage, naming a major program element, naming of an auditorium or other activity spaces, speaking opportunity to introduce its products, and many other ways before, during and after the event.

Additional benefit will include showcasing of its unique products through exhibition and sale to a high-net worth group of purchasers and through such programs as beauty pageants or model shows.

Specifically, for the Organizational Grand Sponsor NABC2022 will also facilitate one-on-one meetings, with the US companies who are interested in exploring business relationship with the company of the Organizational Grand Sponsor.

While all benefits of the Grand Sponsor will be available to the Organizational Grand Sponsor, for this level of sponsorships, NABC2022 will develop a customized package of benefits in consultation with the grand Sponsor that would suit the needs best. We remain very flexible in developing such a package.
